

## **Configuring Email Notification Alert in HP LaserJet MFP E42540**

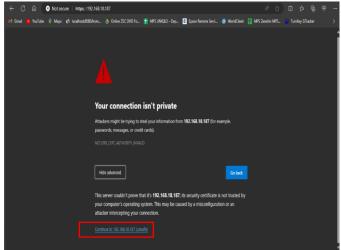

- 1. Open web browser and type the IP address of the printer and click Enter
- 2. Click Advance.

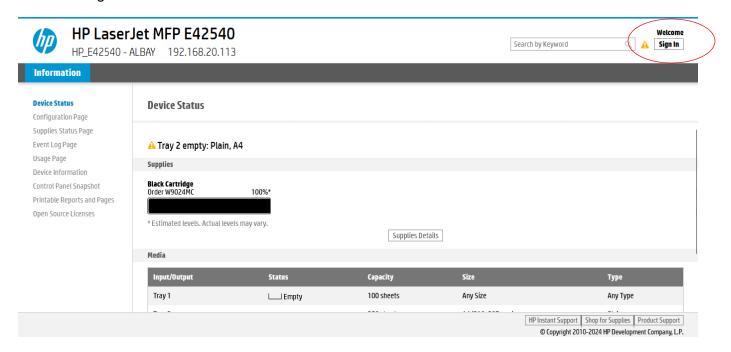

3. Click the Proceed to IP address.

4. Click Sign In.

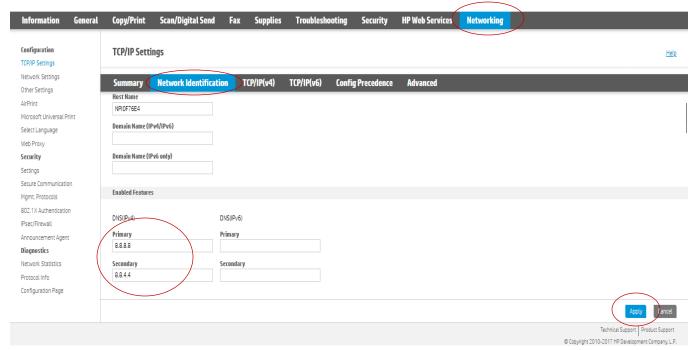

5. Sign as Administrator and put the password

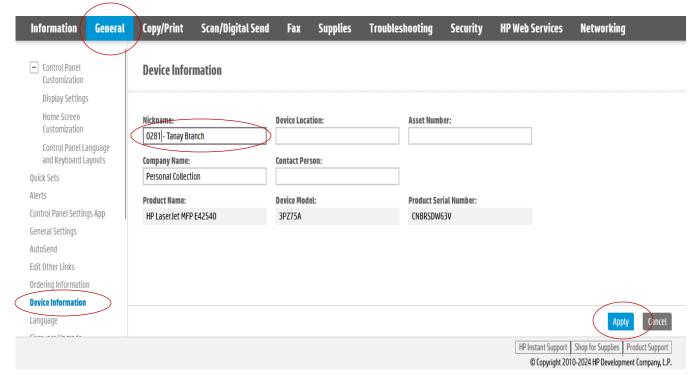

6. Before you proceed to configure alert, check if the printer has Primary & Secondary DNS. Put the DNS if not available to the printer. (Primary 8.8.8.8 & Secondary 8.8.4.4)

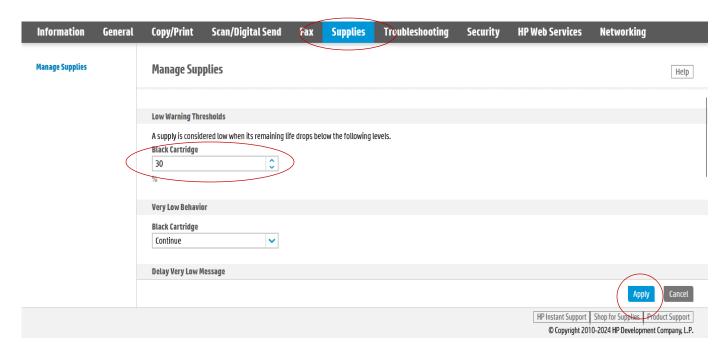

7. Then click the General tab, click the Device Information, under Nick Name put the branch code and the branch name (ex. 0281 – Tanay Branch) then click Apply.

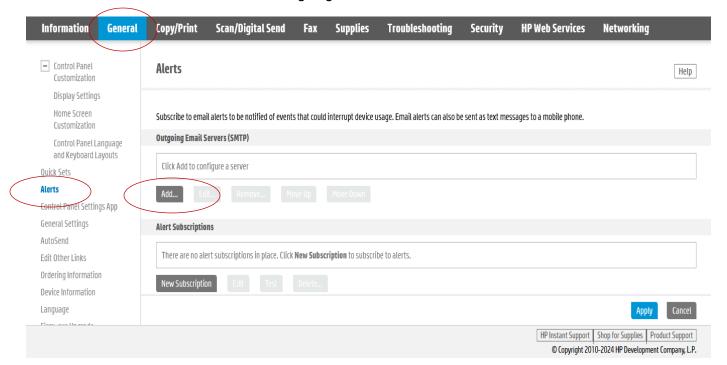

8. Then click the Supplies tab, under Manage Supplies set 30% for Low Warning Threshold and click Apply.

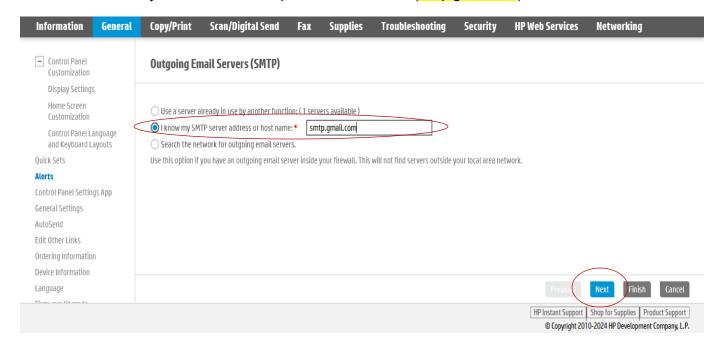

9. In General tab, click Alert, under Out going Email Server click Add.

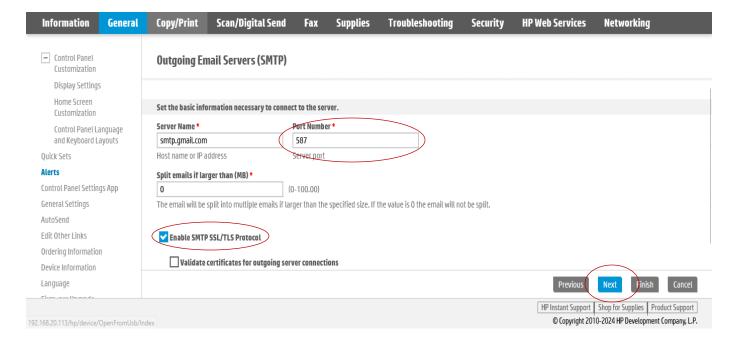

10. Select I know my SMTP Server, and put the SMTP server (smtp.gmail.com) then click Next.

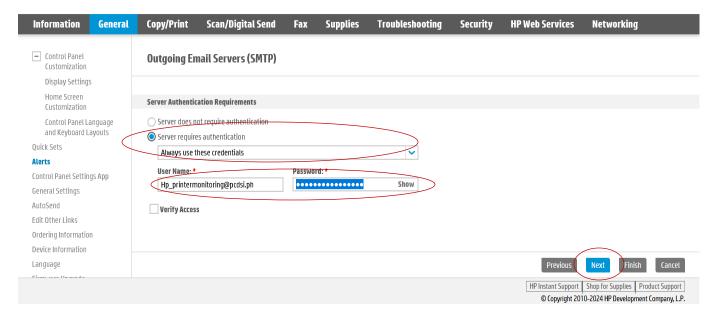

11. Change the Port Number to 587, then Enable SMTP SSL/ TLS Protocol (check the box to enable), then click Next.

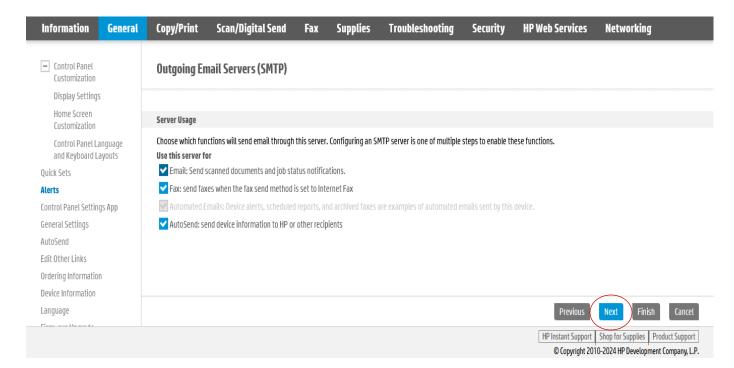

12. Under Server Authentication Requirements, select Server Requires Authentication then select Always use these credentials, put the <a href="mailto:Hp\_printermonitoring@pcdsi.ph">Hp\_printermonitoring@pcdsi.ph</a> in the user name, and put <a href="mailto:slwgmrthhrsxpgjz">slwgmrthhrsxpgjz</a> for the password and click Next.

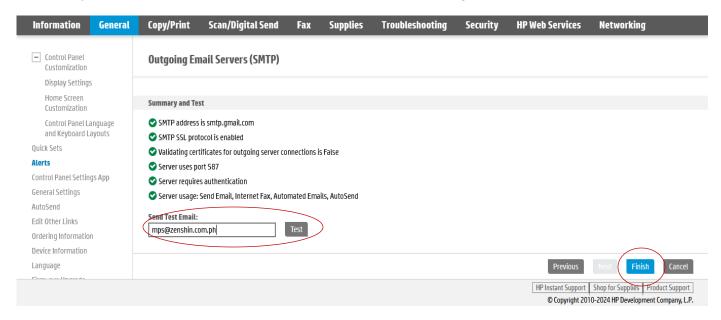

## 13. Click Next.

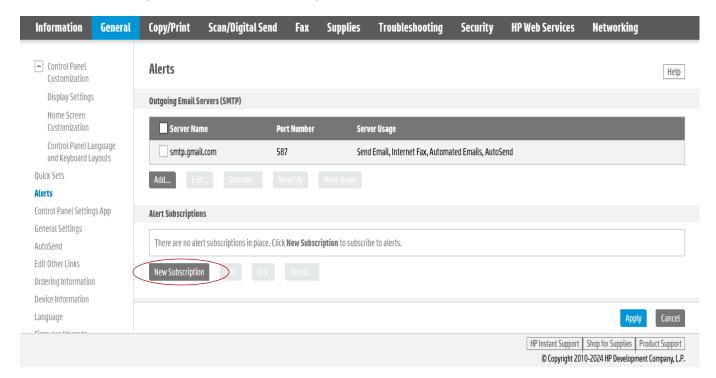

14. Put any email address in Send test email and click Test. After testing click Finish.

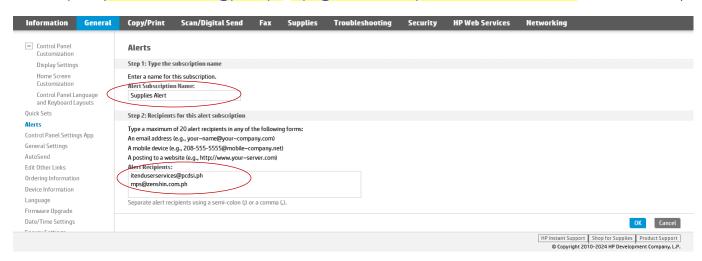

15. After SMTP configuration same with the image below under Alert Subscription, click New Subscription

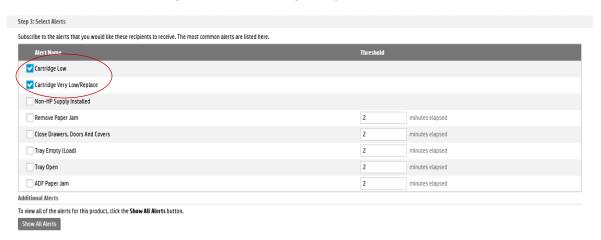

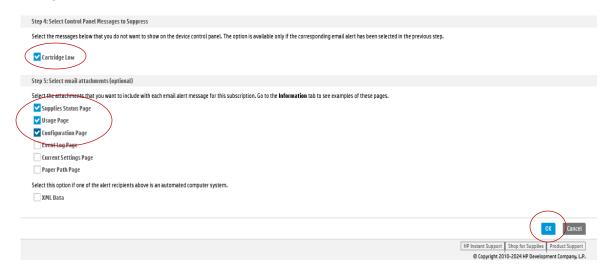

16. In the step 1 put the Supplies Report for Alert Subscription Name, step 2 put the email address of Alert Recepient (<a href="mailto:itenduserservices@pcdsi.ph">itenduserservices@pcdsi.ph</a>, <a href="mailto:mps@zenshin.com.ph">mps@zenshin.com.ph</a>, and the email address from the branch)

17. In the step 3 select alert. Select Cartridge Low and Cartridge Very Low/Replace.

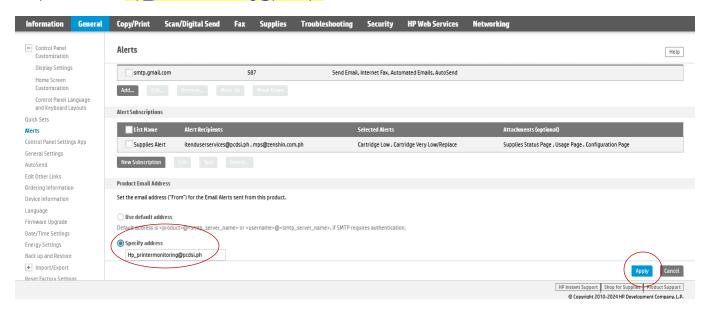

18. Under step 4 check the Cartridge Low. Then in the step 5 select Supplies Status Page, Usage Page, Configuration Page for email attachments then click OK.

19. After configuring Alert, the image below will show. Under product email address select Specify address and put this email <a href="mailto:Hp\_printermonitoring@pcdsi.ph">Hp\_printermonitoring@pcdsi.ph</a>

- End
